**2009 saw  
The Marais  
Project achieve  
several major  
milestones.**

Firstly, we completed a decade as one of Australia's few professional viola

da gamba ensembles. Secondly, we recorded and released our second CD, "Love Reconciled". Finally, in celebration of our tenth year we gave the world premiere of "Aquarelle" by Rosalind Page.

In 2010 the journey resumes with several new venues and an expansion of repertoire.

As to logistics, concerts 1 & 2 do not have an interval. Concert 3 will consist of two halves and complementary drinks will be served.
